

Dear Club Cascadas Members:

The annual meeting of members for Cascadas de Baja Association was held on Saturday, June 19, 2021. Trading Places International, Inc., who is responsible for providing this meeting had arranged to present this meeting via Zoom Video Conference for the purpose of protecting our members from the effects of the COVID-19 pandemic. Many members had the opportunity to join the board of directors and management at this time.

Unfortunately, the sound quality of this meeting on Zoom was extremely poor and most of the pre-recorded messages that were presented lost their accompanying sound and members were unable to hear the message. Please allow me to offer my most sincere apologies to Mauricio Quezada, COO whose important update message was affected and unable to be heard. Also, my sincere apologies to Miguel Torres, General Manager whose important message was also unable to be heard. Also, my apologies to Luis Moran whose financial report to the members was unable to be heard.

My apologies to the board members who had worked tirelessly to provide the members with a quality annual report. I apologize to the members who attended the meeting as well because they were unable to hear these important reports during the meeting.

These important and vital reports have now been posted to the members corner so that all members can review them and receive the full and accurate report as prepared for the annual meeting. Instructions have been given us by the board of directors to secure the services of a professional audio-visual presentation company who can assist us in presenting next year's annual meeting. For your information, we plan that the 2022 annual meeting will be an in-person event and that it will also be provided via video conference for those members who are unable to attend in person.

Sincerely,

Douglas L. Wilcox
Sr. Vice President of Resort Operations
Trading Places International, Inc.
